Individual cable lengths are often required nowadays. In order to meet these demands, Weidmüller offers a wide range of plug-in connectors for custom assembly. Male plugs and female socket for customisable assembly for M8, M12, M16 and 7/8" connections which are highly robust and ideally suited to machine engineering, for instance. The M12 plug-in connectors offer a choice of 5 different connection systems.

The screw connection can be used in a wide range of applications. With this technology the conductor, optionally with wire-end ferrules, can be plugged into connection elements and secured with a screw. It is the classic, cheapest form of connection technology that also supports multi-conductor connections.

### General ordering data

Туре	SAIB-4/9		
Order No.	<u>1807230000</u>		
Version	Sockets prefabricated to customer spec., Plug prefabricated to customer spec., M12, Femal socket, straight		
GTIN (EAN)	4032248278213		
Qty.	1 pc(s).		

# **SAIB-4/9**
