COV 150 G	150	2 x 20 = 40

DESCRIPTION

Iboco Spare Covers for T1, T1-F, T1-E and T1-EF Trunking.

APPLICATION

Ideal for wiring large sized cables usually employed in power panels. With thick side and base, it has a strong construction and maximum application stability, very good holding also under heavy wiring and longer durability and reliability.

SPECIFICATION

Material: Rigid Self-extinguishing PVC
Colour Options: Grey RAL 7030
Standards: CSA, UL Approved

FEATURES	BENEFITS
Rigid PVC material	Self-extinguishing PVC.
Non-slip, flush cover	Once installed lid will not slip. Easy clip-on assembly and disassembly.

IBOCO

Wiring Ducts and Components

BOCCHIOTTI wiring systems feature excellent assembly functionality and are ideal for any type of power and control panel where performance remains unaltered over time even under the heaviest operating conditions.
